About Takarékbank

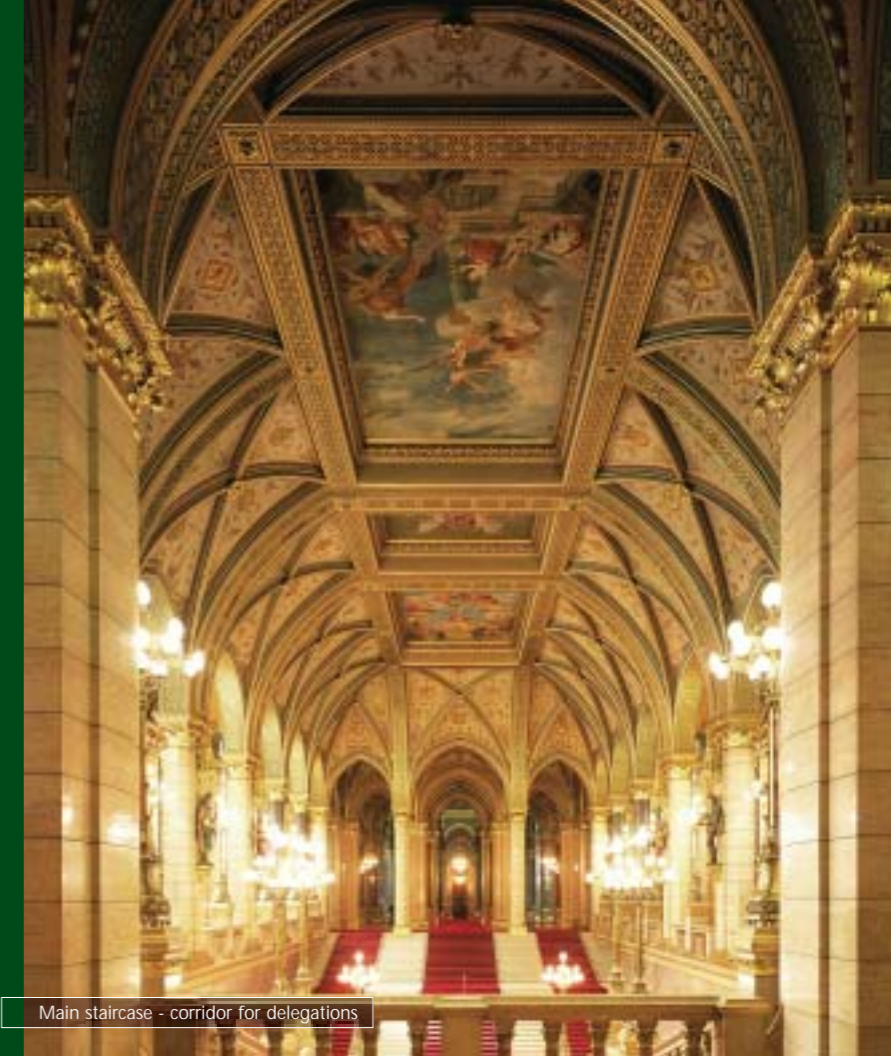

If your business plans include Hungary,
then Takarékbank Zrt. is the right partner to fulfill them!

- Takarékbank Zrt. is the central bank of the co-operative banking sector in Hungary. With 770 billion HUF (over 3 billion EUR) combined total assets and 1,600 outlets nationwide this banking group obtains the largest network in Hungary. That enables our clients to have local support and carry on with their businesses unobstructed all over Hungary.
- DZ Bank AG from Germany is the 25% stakeholder of Takarékbank Zrt. The international know-how deriving from one of the top 6 players in the German banking system is perfectly blended with the local implementation ability of Takarékbank Rt. On top of this, Allianz AG is a further 5% stakeholder and can provide professional services within the insurance sector.

Opportunities for our clients

The macro-economic growth prospect of Hungary is paving the road for new opportunities in the market. The EU membership and the clear goal to introduce the euro strengthen Hungary as an attractive economy for your business and your investments. 99% of the German investors in Hungary would again use the chances on the developing Hungarian markets.

Therefore, the International Desk will mediate and assist you in developing your plans, suggesting investment opportunities, and providing the necessary loans, applications for subsidies, and general financial advice to reach to the...

...success of your projects.
